

The Daily Record honors Maryland's Coolest Spaces

By: Daily Record Staff | February 26, 2020

The winners for The Daily Record's 2020 Maryland's Coolest Spaces have been selected.

Maryland has a history of unique and interesting spaces from new buildings, to older, historic locations that have taken on new life in recent years.

The Daily Record received more than 70 nominations and our staff selected 30 winners. A special insert will appear in the March 27 issue of The Daily Record highlighting the winners and they will also appear in a special digital presentation on thedailyrecord.com.
